SAEPU CALL FOR INVESTIGATIONS INTO THE ALLEGED FORGED OVERTIME CLAIMS

The South African Emergency Personnel's Union (Saepu) call on Limpopo MEC and the HOD to investigate the alleged on-going fraud activities by the acting fleet manager and the acting district manager in Sekhukhune district.

It is alleged that the acting fleet manager is forging overtime claims almost every month and the acting district manager will gladly approve them.

We raised our concern with the department for several times in regard to how the acting district manager is dealing with matters and they promised to release her in January but to our surprise now we are in April and she is still acting. The department must stop violating the Public Service Act as the acting time for the district manager has lapsed long time ago.

We demand that the acting district manager be released so that department can appoint someone who will execute his duties with the interest of EMS workers at heart.

On the alleged fraud activities department must start with the investigations against both fleet manager and the acting district manager.
